Administrative history: Sultan's Armed Forces Association, (SAF Association), formed in 1968, aims to maintain the spirit of mutual friendship which existed among members of the Sultan's Armed Forces during their service in Oman. The Association provides the circumstances for those who have served or still are serving to remain in touch with their comrades and also be kept aware of current developments in Oman, military, social, and economic. This is done through the annual publication of the SAF Journal, which is distributed free to all members of the Association and also to those with a particular interest in it and its history. This includes His Majesty the Sultan and all his ministers. Opportunities for maintaining contact are also provided by the holding in London of an annual dinner and cocktail party and by financial support for other similar reunion events throughout the country.

Scope and content: A full serial of the Association publication (Newsletters, later Journals), and a small amount of printed ephemera. The Newsletters reports on the activities of the SAF, and social events of the Society. Activities of the Anglo-Omani Society are also documented in the later issues. The publication is intended to be a journal of record containing illustrated articles of historic as well as current interest, book reviews relevant to SAF and to Oman and personal details of members, including obituaries. The publication provides an interesting insight into the development and achievements of the military in Oman over a period of thirty years, as well as regular descriptions of the development of the country itself in a context not solely military.

System of arrangement: The serial of publications is arranged by issue number. The ephemeral material is identified separately.
