OXFORD HARDSHIP FUNDING

2021/22 Hardship Application Guidance Notes for Students

The Microsoft Forms online application form and guidance notes will be used to assess students applying for support through the Oxford Hardship Fund (OHF). More information about the fund can be found at the following webpage:

https://www.ox.ac.uk/students/fees-funding/assistance/hardship/ohf

Please take time to read through the above webpage before completing the online application form as it provides full details on eligibility and the criteria against which your application will be considered.

Please note that returning students and UK undergraduates starting a course in 21-22 whose finances have been impacted by the Coronavirus pandemic should contact their college hardship officer for further guidance on applying to the COVID-19 Assistance Fund (CAF), as it is not possible to apply to the Oxford Hardship Fund in conjunction with CAF.

If you require any assistance with completing the form please contact student.funding@admin.ox.ac.uk.

Your application will not be processed unless all the relevant sections have been completed and requested documentation uploaded. Answer all questions as fully and clearly as possible. Guidance on completing the form is provided below.

The form must be completed in one sitting (you cannot save and come back to it later) so please familiarise yourself with what is required and have all necessary documentation to hand before beginning an application.

How to apply

- Your college hardship officer will provide you with the link for Part A.
- You should complete and submit Part A, uploading the required supporting documents.
- On submission you will receive links to Parts B and C via email. Your college should complete and submit Part B. The appropriate officer to complete Part B of the form varies across colleges but could be your Senior Tutor, Bursar or Academic Administrator. Please ask your college office if you are unsure of who to contact.
- You will also need to approach your Tutor or Supervisor and ask them to complete and submit Part C.
- Student Fees and Funding will send an email confirming receipt of your completed application (Parts, A, B and C) to both you and your college. Any queries will be addressed to you, with your college copied into the email.

Supporting documents

It is important that the requested supporting documentation is uploaded before submitting your form as otherwise we cannot process your application. You only need to provide evidence for questions that apply to you.
• Official Bank/Building Society statements showing the 30 September 2021 balance. Statements should be provided for all current and savings accounts.*
• Official Bank/Building Society statements for the last three months. Statements should be provided for all current and savings accounts and any transactions over £75 should be explained.*

For all current and savings accounts that are held or jointly held in your name, provide an official bank/building society statement showing the balance as of 30 September 2021. This will be used to determine the starting level of funding available to you to fund your studies for the 2021/22 academic year. You must also provide official bank/building society statements for the most recent three months. Any credits/debits over £75 on these statements must be explained. Failure to declare any other current or savings accounts could be interpreted as an attempt to deceive the University and will be referred to the Office of the Proctors and Assessor.

If you have any credit card or loan repayments you should provide recent statements showing the current balance and minimum monthly repayment.

Scanned copies of printed statements or screenshots from internet banking facilities are sufficient, as long as these show your account number and the name of the bank/building society. Please note that we cannot accept Excel spreadsheets with a downloaded list of transactions.

• Evidence of rent/mortgage/college accommodation costs*

Debits from your bank statements are not sufficient evidence of the cost of any type of accommodation.

Provide copies of all available battels statements for this academic year.

If you live in private rented accommodation provide a copy of the relevant pages of your tenancy agreement, stating the monthly rent, length of agreement and number of tenants. If the rent is not split equally between tenants explain this in your supporting statement.

If you live in your own property and are repaying your mortgage, provide evidence of the monthly cost via a copy of your agreement or via a statement.
