Honorary Antonians are permanent College Members, and are invited as such by Governing Body following their nomination by the Warden.

College Membership for Honorary Antonians grants access to the College’s social and academic facilities, including the Senior Common Room, Combined Common Room and the College Library. With the assistance of the College, Foundation Fellows can apply for a University Card, which they need to have to get a college email address.

Honorary Antonians are encouraged to engage as much as possible in the College – academically and socially – which will help them with their own interests – through access to Fellows, students, other academic visitors and senior members, as well as to contribute to the College with their experiences from outside academia.

To make sure the Honorary Antonians receive communications about events in the College, their email address will be added to the appropriate mailing list.

Honorary Antonians are invited to the termly Senior Members’ Drinks Reception and Dinner, and the annual Senior Members’ Forum.

Honorary Antonians are entitled to use the college car park.

All Honorary Antonians are invited to have their names on the Benefactors’ Board that will be placed in the Hilda Besse Building to honour the College’s most important donors. If they are happy for the College to do so, profiles of Benefactors will be posted on the College website, and their Benefactorship will also be acknowledged annually in *The Antonian* and College Record.
