The Development Team
Telephone campaign underway

Our December telephone campaign is underway, with our student volunteers calling North, Central and South America this weekend. Already we have had an amazing response from our Antonian Community. The telephone campaign raises funds for the Antonian Fund, the Malcolm Deas Fund, and the Boat Club, with every penny donated going directly to benefit student activities and academic pursuits next term. You can see the list of Antonian Fund awardees, and the impact the money raised is having, here.

Our callers include two rowers, and MPhil and MScs from across our research centres. All of our students have benefited from the Antonian Fund in some way. You can meet our callers here!
1980s Reunion Photos

Over the weekend of 15-16 September we warmly welcomed over 120 alumni from the 1980s back to the College. The weekend included High Table, a seminar with Professors Paul Collier, Theodore Zeldin, and Warden Roger Goodman. There was a barbecue, tours of the College and year group reunions, with their respective JCR Presidents.

The Development Office will shortly be announcing plans for other reunion activities.
Attic Announcement from the GCR

The Attic is being emptied and closed for refurbishment. The college has booked the safety renovations for January so it needs to be completely clear by then.

You have until the **10th of January 2019** to collect (or arrange collection for) your belongings. After this date anything remaining in the attic will be disposed of.

Unfortunately, we haven’t got anywhere else to store items. So if you’re away from college then I strongly suggest that you ask friends and colleagues to locate anything precious that you want to keep and ask them to hold it for you.

Kara, GCR (gcr-president@sant.ox.ac.uk)

- Including a daily lecture programme given by world-renowned academics.
- Giving the opportunity to study at St Antony's College, Oxford University's only college to focus exclusively on international affairs.
