Antonian Fund

This term the Antonian Fund awarded 12 grants to student-led projects which will improve social, cultural or academic life at the College.

The fund supported the basketball and football clubs, as well as supporting the relaunch of the Brewing Society. In addition, two new initiatives were supported: a Salsa club and Burns Night.

The Antonian Fund also supported St Antony’s vibrant academic life, with grants given to St Antony’s International Review and the Oxford Middle East Review, as well as a new Middle Eastern Society. There was funding for the Oxford China Africa Network, a student-led conference on Artificial Intelligence, a Russian and East European Career evening and academic writing workshops.

For a full list of grants this term, see here.

In addition to these project specific grants, we have awarded a huge number of travel and research grants to our students.

Donations of all sizes are greatly appreciated, and can have crucial impact on the lives of students at St Antony’s. Our thanks again to all of you who have chosen to support the Antonian community in this way. Farewell message

Having worked at St Antony’s since December 2017, I am very sad to be leaving the college to start a new life in Australia. It has been an enormous pleasure getting to know our alumni, and a real honour to have been able to take part in the Antonian community. Antonians are truly remarkable, talented and fascinating, and it has been wonderful learning about your lives since graduation. I’ll really miss working at St Antony’s! Thank you all very much for your friendliness, kindness, and enthusiasm. I will be leaving with some very fond memories. If any of you should find yourselves in Melbourne, do look me up!

All the best,
